To think of others in our hours of grief and sorrow is truly compassionate and selfless. Please consider the gift of life – organ and tissue donation. Our congregation supports this gift in the spirit of love and generosity. Remember to discuss your feelings about organ and tissue donation with your family.

How do we respond to the blessings God has bestowed on us? How do we deal responsibly with the gifts God has given us? To think only of ourselves is to squander our lives. But to respond gratefully means we praise God with our lips and our actions. To respond gratefully is to realize that all of life is God's, and we are called to care for it and share it. With these thoughts, we ask you to consider giving so that others may live. Give the gift of life—organ and tissue donation.

After worship, discuss organ and tissue donation with family and friends. Let them know that you understand the need for organs and tissues among those who rely on transplantation to live. For us, the only cost is giving—the Gift is Life.

Consider how simple acts may change the lives of others who have great need. Check yes to donation on your driver's license or register online at www.DonateLifeMN.org; that's a simple act. In saying yes, you are demonstrating a willingness to give life to others after you no longer live. You can make a difference!
